PETITION FOR REVIEW

Waste Management, Inc. of Tennessee (hereinafter "Respondent") respectfully requests that the Tennessee Water Quality Control Board review the Director's Order and Assessment issued by Paul E. Davis, Director of the Tennessee Division of Water Pollution Control, on June 25, 2007.

In support of its Petition for Review, Respondent states:

1. Tennessee Code Annotated (T.C.A.) §69-3-115(a)(2)(B) allows any person against whom a civil penalty has been assessed by the Commissioner to secure a review of this assessment by filing a petition for review by the Board within 30 days after the assessment is served.

2. T.C.A. §69-3-116(b) allows any person against whom the Commissioner has assessed damages to secure a review of this assessment by filing a petition for review by the Board within 30 days after the person is notified of the assessment.

3. Respondent's Petition for Review is filed timely.

4. Respondent contends that the Board should dismiss the Director's Order and Assessment for the following reasons, among others:

(A) Respondent has taken timely and appropriate steps to comply with the requirements of the Notice of Violation issued on January 26, 2007.

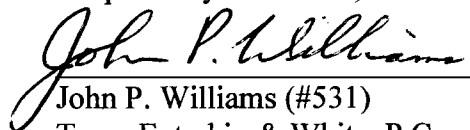

(B) The civil penalty assessed by the Director is disproportionate to the violations cited in the Director's Order, especially in light of the steps taken by Respondent to comply with the requirements of the Notice of Violation.

5. Respondent reserves the right to respond to the factual allegations in the Director's Order in more detail at the hearing before the Board.

WHEREFORE, Respondent prays:

1. That the Board conduct a hearing on this Petition for Review.
2. That, if the Board finds that Respondent has violated the Act or regulations, the Board reduce the amount of the damages and civil penalty assessed against Respondent and/or allow Respondent to implement a SEP in lieu of paying a civil penalty.
3. That the Board grant Respondent such further relief as the Board deems appropriate.

Respectfully submitted,
